Meeting Participation

Working Agreements for Attendees

- **Participate in discussions consistent with the CGA JPA Agreement and adopted Board Policies**
- **All Ideas and Points of View Have Value:** All ideas have value in this setting. We are looking for innovative ideas. The goal is to achieve understanding. Simply listen, you do not have to agree. If you hear something you do not agree with or you think is "silly" or "wrong," please remember that the purpose of the forum is to share ideas.
- **Be Honest, Fair, and as Candid as Possible:** Help others understand you and work to understand others.
- **Take Space, Make Space**
- **Think Innovatively and Welcome New Ideas:** Creative thinking and problem solving are essential to success. "Climb out of the box" and attempt to think about the problem in a new way.
- **Invite Humor and Good Will**

Public Comment. All meetings are open to the public. The process for open discussion generally starts with clarifying questions open to all, followed by committee discussion, then opening for public comment. The process may change depending on available time, number of attendees, etc.; however, all meetings will have time dedicated to public comment.

Remote Participation. CGA committee meetings will be held in person (unless stated otherwise), with an option for remote participation. Committee members are requested to provide advanced notification to CGA staff/facilitation team if expecting to participate remotely.

Meeting Notes. A high-level summary (that does not attribute comments to specific individuals) will be developed for the CGA committee meeting and posted to the website.
