

Cosumnes Groundwater Authority
Meeting of the Board of Directors
Agenda

When: 9:00 am – 12:00 pm, Monday, January 23, 2023

Where: Galt Police Department Community Room
455 Industrial Drive
Galt, CA 95632

Zoom: [Via Zoom: https://us02web.zoom.us/j/87848114224](https://us02web.zoom.us/j/87848114224)
Meeting ID: 878 4811 4224
Call in Number: 1-669-900-9128

PUBLIC COMMENT – Any member of the public may address the Board concerning any matter on the agenda before or during its consideration of the matter. Public comment is limited to three (3) minutes per person. For good cause, the Board Chair may waive these limitations.

ACCESSIBILITY - If you have a disability and require a reasonable accommodation to fully participate in this event, please contact Austin Miller (CGA Secretary) before the day of the meeting via email [info@CosumnesGroundwater.org] or telephone [916-526-5447] to discuss your accessibility needs.

Call to Order

1. Introductions (*5 minutes*)
 - 1.1. Determine if Quorum is Present
 - 1.2. Three-month look ahead
 - 1.3. Agenda Overview

Business Action Items

2. Consent Items (*5 minutes*)
 - 2.1. Agenda – January 23, 2022
 - 2.2. Minutes – December 19, 2022
 - 2.3. Consideration of Findings Related to Remote Meetings Pursuant to AB 361
 - 2.4. Financial Report – January 2022
 - 2.5. Delta Conveyance Project Draft EIS Comment Letter
3. Review of Received Audit Services Proposals (*15 minutes*)
4. Draft Long Term Funding Study (*90 minutes*)

Informational Items (*50 minutes*)

5. Outreach and Engagement
6. Status of Annual Report Development

7. Board Governance and Budgeting
8. Flooding and Groundwater
9. Funding Opportunities
10. CGA Staff Report
11. DWR North Central Regional Office Update
12. Upcoming Agenda Items
13. Director/Member GSA Comments

Public Comment on Non-Agenda Items *(Limit of 3 minutes per speaker.)*

14. Public Comment: *Comment will be received for items not on the agenda, but within the jurisdiction of the agency. The Board will hear comment but may not act on issues raised on non-agenda items.*

Adjourn Meeting

**Cosumnes Groundwater Authority
Board of Directors Meeting**

Meeting Minutes
December 19, 2022 - 9:00am

Call to Order: 9:05 am

- 1) Introductions / Determine if Quorum is Present

Directors in Attendance: Rick Wohle, Don Nottoli, Lindsey Carter, Gary Thomas, Jay Vandenburg, Leo VanWarmerdam, Mark Stretars

Action Items

- 2) Consent Items

- 1.1. Agenda – December 19, 2022
- 1.2. Minutes – November 17, 2022
- 1.3. Minutes – November 21, 2022
- 1.4. Consideration of Findings Related to Remote Meetings Pursuant to AB 361
- 1.5. Financial Report – December 2022

Director Thomas moved to approve all consent items.

Director Vandenburg seconded the motion.

The motion passed with all in favor.

- 3) Resolution 2022.12.19.01 – Resolution Honoring Don Nottoli for Service to the Cosumnes Subbasin

After 28 years of service on the County of Sacramento's Board of Supervisors, Don Nottoli will be retiring. Supervisor Nottoli has been a strong advocate for the Cosumnes Subbasin since before implementation of the Sustainable Groundwater Management Act. CGA and County Staff drafted Resolution 2022.12.19.01 to express the subbasin's appreciation for Supervisor Nottoli's work.

Director Vandenburg moved to adopt Resolution 2022.12.19.01.

Director Stretars seconded the motion.

The motion passed with all in favor.

- 4) Review of Draft Long Term Funding Study

The Board heard from SCI Consulting, groundwater fee consultants, on draft methodology/scenarios the CGA could pursue. While no specific action was taken, key points of discussion included how the City of Galt and Amador County GSAs are reflected (being in a significantly different situation than the other 5 GSAs), the need for better understanding of how agricultural-residential groundwater users would be impacted by potential fees,

- 5) Outreach and Engagement

CBI consultants provided an update on work performed through the DWR Facilitation Support Services Contract that expires at the end of December (a no-cost extension has been granted through February 2023). CBI, CGA Staff, and the Outreach & Engagement

Team are planning on holding two public workshops/open house info sessions in February 2023. CGA Staff encourage GSAs to promote the Farmers Survey, February workshops, and to consider GSA specific outreach activities coordinated with the subbasin-wide CGA efforts.

6) Board Governance

Director Thomas nominated Chris Hunley to serve as CGA Board Chair following Director Carters intent to step down as Chair.

Director Wohle seconded the motion.

The motion passed with all in favor.

Director Stretars will remain Vice Chair. The Board agreed by consensus to revisit officer elections at the beginning of the next fiscal year, aligned with the CGA joint powers agreement.

Information Items

7) CGA Staff Report

CGA Staff provided an update on other activities not covered on the agenda.

8) DWR North Central Regional Office Update

DWR Staff provided a monthly update on DWR activities

9) Upcoming Agenda Items

The Board identified the following topics for future discussion:

10) Director Comments

Directors provide verbal updates on GSA activities.

11) 2023 CGA Meeting Dates

Directors reviewed the 2023 CGA Meeting schedule.

12) Public Comment

Adjourn Meeting

Chair Carter adjourned the meeting by consensus at 12:27 pm

Agenda Item #2.5

Cosumnes Groundwater Authority Board of Directors Meeting

Agenda Date: January 23, 2023

Agenda Item #: Consent Calendar, 2.5

Agenda Item Subject: Delta Conveyance Project Draft EIS Comment Letter

To: CGA Board of Directors

From: CGA Staff

Background

Links: [U.S. Army Corps of Engineers Draft EIS Website](#) | [Delta Conveyance Project Website](#)

- The U.S. Army Corps of Engineers released a Draft Environmental Impact Statement (EIS) on the construction of the Delta Conveyance Project on December 16, 2022. Comments will be accepted through March 16, 2023.
- Section 3.11 describes the affected environment for groundwater and analyzes effects that could occur in the study area from construction, operation, and maintenance of the action alternatives, as well as the No Action Alternative. Mitigation and minimization measures that would avoid, minimize, rectify, reduce, or compensate potentially adverse effects are included as part of each action alternative. Additional information on the affected environment, methods, and the anticipated effects of the action alternatives can be found in the Delta Conveyance Project Draft EIR Chapter 8, *Groundwater* (California Department of Water Resources 2022).

Attachments

- Draft Comment Letter on Delta Conveyance Project Draft EIS.

Staff Recommendation

- Authorize CGA Staff and Counsel to finalize the draft comment letter for the Delta Conveyance Project Draft Environmental Impact Statement and submit to the U.S. Army Corps of Engineers.

Cosumnes Groundwater Authority

Your local groundwater sustainability hub

January 23, 2023

U.S. Army Corps of Engineers, Sacramento District
Attention: Zachary Simmons
1325 J Street, Suite 1350
Sacramento, CA 95814-2922

Subject: SPK-2019-00899, Public Notice of Public Review of the Draft Environmental Impact Statement (DEIS) for the Delta Conveyance Project, Sacramento, San Joaquin, Contra Costa, and Alameda Counties, CA

To the U.S. Army Corps of Engineers:

The Cosumnes Groundwater Authority (CGA) is a joint powers authority comprised of seven local public agencies, each of which serves as a Groundwater Sustainability Agency (GSA) in the Cosumnes Groundwater Subbasin. CGA plays a coordinating role among these agencies, and it is under this umbrella that the GSAs collaborate in order to ensure the basin's continued compliance with the Sustainable Groundwater Management Act (SGMA).

CGA has reviewed the Delta Conveyance Project Draft EIS and has identified a feature of the project and associated environmental risk that has been dismissed from detailed consideration. Specifically, the Draft EIS fails to identify and characterize the impact of local and regional groundwater conditions. That oversight is particularly concerning to CGA and its members: like many subbasins in the state, the Cosumnes Subbasin has already submitted a Groundwater Sustainability Plan for DWR's review, and has committed significant time, effort, and money towards implementing that plan.

Specifically, CGA finds that the Draft EIR does not:

- adequately consider the impacts of the project construction phase on local groundwater conditions and sustainability plans,
- provide appropriate mitigation to identify and avoid/minimize potential significant impacts resulting from dewatering, and
- evaluate the projects impact on potential saltwater intrusion into the groundwater system.

With increasingly dramatic weather patterns, the strain on local domestic groundwater wells is ever-present. With less consistent rain/surface water to replenish the groundwater subbasins, we have started to see an increasing number of well owners in precarious situations even within the relatively stable Cosumnes Subbasin. The Draft EIS does not adequately consider, or even disclose, the potential impacts that project construction (including significant dewatering

in and around the construction sites) may have on local groundwater conditions. Adding an additional stressor to our region could inadvertently impact not only agriculture and land use activities, but jeopardizes the future of shallow well owners who rely on groundwater for their human right to water.

CGA is also concerned that many of the projects' potential impacts are directly aligned with the undesirable effects that governing GSAs are tasked with preventing under SGMA. For example: GSAs must set management criteria surrounding saltwater intrusion and must take action to reduce or eliminate that undesirable result when it occurs. The Draft EIS does not analyze the potential impacts of the project's construction phase, nor does it consider how project operations will impact the efforts of local GSAs to meet their pre-existing GSP sustainability criteria. Failure to explore or disclose these potential impacts pits local GSAs against the State, and foists the burden of mitigating for these potential impacts onto the GSAs and local community, instead of on the project proponent. That result is inequitable and inconsistent with both ___ and the Water Code's requirement that state agencies consider the policies of SGMA, and plans adopted pursuant to that law when taking actions that intersect with those groundwater management activities (see, e.g., Water Code §§ 10720.9; 10726.8).

In conclusion, the CGA finds that the Draft EIS fails to adequately address or evaluate the potential impact on groundwater conditions throughout the project area and adjacent groundwater subbasins. The CGA provides these findings to advise the U.S. Army Corps of Engineers of our concerns and remedies to correct the deficiencies above mentioned in the Delta Conveyance Project Draft EIS. We are available to discuss these findings further if requested.

Sincerely,

Austin Miller,
Cosumnes GSP Plan Manager

Chris Hunley
CGA Chair

Agenda Item #3

Cosumnes Groundwater Authority Board of Directors Meeting

Agenda Date: January 23, 2023

Agenda Item #: 3

Agenda Item Subject: Long Term Funding

To: CGA Board of Directors

From: Austin Miller, CGA Administrator

Background

At the November CGA Board Meeting, a Request for Proposals (RFP) to find a consultant to perform financial auditing services was approved. Two Statement of Qualifications (SOQs) were received.

Attachments

- Richardson & Company LLP Proposal
- Blomberg & Griffin Accountancy Corporation Proposal

Staff Recommendation

- Direct CGA Staff to enter into an agreement with a consultant to perform annual financial auditing services to the Authority.

January 18, 2023

Austin Miller, Administrator
Cosumnes Groundwater Authority
8970 Elk Grove Blvd.
Elk Grove, CA 95624

Thank you for your interest in our firm and the opportunity to present our proposal to serve the **Cosumnes Groundwater Authority** (the Authority). We are genuinely enthusiastic about the prospect of serving as your auditors. Auditing special districts, especially water-related agencies, has developed into one of our firm's major areas of expertise. If given the opportunity, you can be sure that we would serve the Authority with great care and pride.

Our Understanding of the Services to be Performed

We will audit and express an opinion on the fair presentation of the Authority's financial statements in conformity with U.S. generally accepted accounting principles for the period ending June 30, 2022 and, at the Authority's option, for the years ending June 30, 2023 and 2024. The audit will be conducted in accordance with U.S. generally accepted auditing standards, the standards set forth for financial audits contained in *Government Auditing Standards* (1994) issued by the Comptroller General of the United States as revised, and the State Controller's Minimum Audit Requirements for California Special Districts. In conjunction with our audit, we will also issue a report on internal controls and compliance, a management letter and auditor's communication letter. We will also prepare the State Controller Financial Transactions Report.

Our Commitment to Perform Timely Services

We have a reputation for meeting our client's deadlines. You have indicated you would like the audit completed by June 30, 2023. To ensure meeting this deadline, we will begin our preliminary planning in March or as soon as the contract is approved and will provide the Authority with a list of schedules and other work requested in March. We will plan to commence year-end fieldwork in April, or at such time as the books have been closed and all documents and analyses have been completed. We will provide a draft of the reports by the end of May. We will provide the Authority with the priority and timely service it deserves.

Independent Accountants with Proven Expertise Serving Water Districts and Other Governmental Entities

In any service organization, it is the people who make the difference. Our team members know and understand the challenges and opportunities confronting governmental entities and our team consists of professionals who have proven their ability to provide auditing services to water agencies. Serving this industry with its unique reporting requirements has developed into one of

our firm's areas of expertise. The water agencies we have served range in size from small agencies, such as Orleans Community Services District and Volcano Community Services District, to very large, such as Sacramento Suburban Water District, Yuba County Water Agency and El Dorado Irrigation District. We have also audited water and groundwater agencies and other joint powers authorities, such as Sacramento Groundwater Authority, Yolo Subbasin Groundwater Agency, Regional Water Authority, Amador County Groundwater Management Authority (i.e., Amador Water Agency), Delta Conveyance Financing Authority and many others. We have also audited the State Department of Water Resources on behalf of a large Southern California water agency for over 40 years, including 12 years while our key employees were with Ernst & Young.

* * * * *

Once again, we would like to thank you for the opportunity to discuss our services, present our qualifications, and submit our proposal to serve as independent auditors for the Authority. We are genuinely enthusiastic over the prospect of serving you and sincerely believe that we have the people, experience, resources and reputation to assure you of outstanding services. For the preceding reasons and many others as outlined in this proposal, we genuinely believe that your selection of our firm as the Authority's independent accountants is the best decision that the Authority could make. Ingrid Shepline and Brian Nash are authorized to make representations for the firm. We confirm that we have received the RFP. Our proposal is valid for a 60-day period from January 18, 2023.

If you have questions or need additional information, please contact Mr. Brian Nash or me at (916) 564-8727, fax (916) 564-8728, correspondence at 550 Howe Avenue, Suite 210, Sacramento, California 95825 or email sent to bnash@richardsoncpas.com or ishepline@richardsoncpas.com.

Very truly yours,

RICHARDSON & COMPANY, LLP

Ingrid Shepline, CPA
Managing Partner

RICHARDSON & COMPANY, LLP PROFILE

License to Practice

Richardson & Company, LLP and all assigned key professional staff are properly licensed to practice in the State of California, and are in good standing with the Board of Accountancy.

Firm Qualifications and Experience

Richardson & Company, LLP is a regional CPA firm established in 1991 and located in Sacramento. We have a total staff of thirty, including twelve CPAs. Our governmental audit staff totals twenty-six, all of which are located in Sacramento. Richardson & Company, LLP is a member of the Government Audit Quality Center of the AICPA. Richardson & Company, LLP is a certified Micro-Small Business Enterprise by the California Department of General Services and a certified Disadvantage Business Enterprise (DBE) and Woman-owned Business Enterprise by CalTrans. We provide audit, accounting, tax and business advisory services to governmental entities (water districts, cities, regional transportation planning agencies, special districts and joint powers authorities), nonprofit organizations, financial institutions and bank holding companies, real estate partnerships, a magazine circulation audit and others primarily located in northern California and Oregon, including the largest water district in the world located in Los Angeles. We perform Single Audit Act and grant compliance audits for both nonprofits and governmental entities. We provide tax services to our audit clients requiring those services.

Since leaving the international CPA firm of Ernst & Young LLP, Joe Richardson (deceased), the founder of Richardson & Company, and Ingrid Shepline, as well as Brian Nash and their team have built a practice oriented toward providing services equal in caliber to those provided by firms operating on a national level. We believe we have the expertise in the governmental field, and especially the water industry, to ensure high-quality service.

The services we provide to governmental agencies proves that we have the ability to provide the services that the Authority requires. Examples of these services include the following:

- We conduct the audits of the general purpose financial statements of numerous special districts, including water districts. Our experience performing these audits of general and special purpose governmental financial statements has made us thoroughly familiar with the application of generally accepted governmental accounting principles.
- We have also provided audit services to most of the cities in the Sacramento area including the Cities of West Sacramento, Lincoln, Chico, American Canyon, Colfax, Elk Grove, Citrus Heights, Sonoma, Sutter Creek, Dixon, Folsom, Marysville, Ione, Biggs, Colusa, Rancho Cordova and the Town of Loomis. We have also audited the Transportation Development Act (TDA) funds of the various cities and counties in Sacramento, Yolo, Yuba, Sutter, Butte, El Dorado, Calaveras, Amador, Placer, Lassen and San Joaquin counties.
- We have extensive experience with Single Audit Act procedures and reports, preparation of State Controller's Reports, pension and OPEB entries, letters to underwriters and preparation and review of Annual Comprehensive Financial Reports for compliance with the Government Finance Officer's Association preparers checklist in order to receive the Certificate of Achievement for Excellence in Financial Reporting. Providing these services for these entities makes us exceptionally well qualified to provide the services you currently request and to provide you with these additional services should you request them in the future.

- We have provided federal compliance auditing services to numerous entities, including the Yuba County Water Agency, South San Joaquin Irrigation District, El Dorado Irrigation District, Calaveras County Water District, Rio Linda/Elverta Community Water District, Cities of Chico, Colfax, Lincoln, Elk Grove, West Sacramento, Citrus Heights, Marysville, Sutter Creek, Colusa, Amador Transit, Butte County Association of Governments, Yolo County Transportation District, El Dorado County Transit Authority, Courtland Fire Protection District, Yuba-Sutter Transit Authority, the Transport System of the University of Davis, Paratransit and to several nonprofit organizations receiving federal grants that must also comply with *Government Auditing Standards* and the Single Audit Act. We have the experience necessary to perform these services for the Authority, if necessary.

In addition, Ingrid Shepline has gained an extensive amount of governmental accounting and auditing experience in her previous position with Ernst & Young LLP, including the following:

- Provided auditing services to numerous state and local government units that face the same unique governmental accounting and auditing aspects as the Authority such as accounting for bonds and related refundings, extensive reporting requirements, basis of accounting, and budgetary and other legal compliance requirements. These entities include the California Department of Water Resources Enterprise Fund, Sacramento County, Solano County Private Industry Council, City of Woodland, City of Lodi and California Housing Finance Agency. The audits of Sacramento County and City of Woodland also involved the preparation of award winning ACFRs.
- Established an audit approach for testing for compliance with federal, state and local grant requirements, including application of the Single Audit Act, for Sacramento County, City of Lodi and California Housing Finance Agency.

In addition, our firm and its key members presently provide or have provided auditing and consulting services to the following water districts and agencies:

- **Various Water Agencies (listed on page 13)**

We prepared the general purpose financial statements or Annual Report and performed the annual audits of these Districts in accordance with generally accepted accounting standards and *Government Auditing Standards*. We also prepared the State Controller's Report for a number of these agencies. We have assisted Oakdale Irrigation District, Nevada Irrigation District, Florin Resource Conservation District, Fair Oaks Water District, Sacramento Suburban Water District, San Juan Water District and El Dorado Irrigation District with the preparation of their ACFR.

- **Large Southern California Water Agency**

We perform the ongoing audit of the cost accounting records of the State Water Project on behalf of one of the world's largest water agencies, including completion of numerous special projects, reviewing the Department of Water Resources budget and representing the agency at meetings with Department of Water Resources personnel.

- **Department of Water Resources - State Water Resources Development System**

Conducted the financial audit of the State Water Resources Development System enterprise fund and provided other services associated with bond offerings and refundings, including letters to underwriters.

- **Central Valley Project Water Association (CVPWA)**

CVPWA is an association of approximately 250 water users receiving water from the Central Valley Project. The Central Valley Project is maintained and operated by the U.S. Bureau of Reclamation. We have performed audits of the Bureau's cost accounting records of the Central Valley Project on behalf of CVPWA, including the completion of numerous special projects. The Bureau uses the FERC chart of accounts.

- **Department of Water Resources - Reid Gardner Power Plant and Pine Flat Power Sales Contract**

Examination of the costs associated with the Department's Participation Agreement with Nevada Power Company for the construction and operation of Reid Gardner Unit No. 4 and the costs associated with the Pine Flat Power Sales Contract between the Department and Kings River Conservation District.

- **Santa Clara Valley Water District, East Bay Municipal Utility District, Contra Costa Water Agency, Westlands Water District and Other Federal Water Users**

Performed several special auditing and consulting projects for these districts related to their contracts with the U.S. Bureau of Reclamation for delivery of water from the Central Valley Project.

In addition to demonstrating that we have the technical expertise needed to serve the Authority, we have also demonstrated that we have the engagement management skills and local staffing resources sufficient to ensure that the Authority's reporting deadlines are met. We have planned, scheduled and conducted our audits of the governmental entities we serve in an efficient and effective manner in order to meet reporting deadlines. From time to time our clients may need to contact us to ask questions or discuss accounting issues and other matters. We are available through the year to answer questions and encourage our clients to ask questions as the issues surface. We are timely and responsive to our clients' questions and requests for information. We have established a reputation with our clients for quality service, timeliness and professionalism.

Quality Control and Peer Review

We are a member of the Center for Audit Quality of the American Institute of Certified Public Accountants (AICPA) and participate in the California Society of CPA's Peer Review Program. We are registered with the Public Company Accounting Oversight Board (PCAOB) created by the Sarbanes-Oxley Act to inspect firms that audit SEC registrants. Membership in the Center for Audit Quality is voluntary and all firms that join agree to adhere to published quality control standards and submit to peer reviews and inspections of their practice every three years. We have passed all ten of our peer reviews with a "clean opinion" and all three PCAOB inspections. The ten peer reviews cover the entire thirty-year period our firm has been in existence. All peer reviews have included governmental engagements. Our latest peer review report is attached to this proposal as Attachment A.

The quality control policies for our auditing practice are described in detail in our firm's Quality Control Document. All employees and members of our firm are provided with a copy of our Quality Control Document and are responsible for understanding, implementing and adhering to these policies and procedures. Our policies and procedures cover each of the following six elements of quality control: 1) Leadership, 2) Relevant Ethical Requirements, 3) Acceptance and Continuance of Clients and Engagements, 4) Human Resources, 5) Engagement

Performance and 6) Monitoring. The adequacy of our quality control system and our compliance with that system are independently evaluated every three years through a peer review.

We also demonstrate our commitment to providing quality service in many other ways, including:

- Organizing, staffing, and managing engagements to provide for appropriate levels of technical competence, experience, supervision and review.
- Undertaking quality control reviews of selected engagements to assure compliance with professional standards.
- Recognizing our obligation to the public as well as to our clients.
- Conducting engagements in accordance with clients whose concern for reputation and integrity is similar to our own.
- Promoting the growth of our firm primarily by referrals from existing clients satisfied with the quality of our services.

In addition to excellent peer review and inspection results, other examples of our commitment to quality include:

- Assisting numerous governmental entities with receiving the Certificate of Excellence in Financial Reporting awarded by the Government Finance Officers Association, including several that received the award on the first attempt.
- Engaging a nationally recognized accounting consultant who has authored several accounting and reporting manuals, including those dealing with SEC matters, as technical support for our firm in addition to the support customarily available through the American Institute and California Society of CPAs.
- Engaging a partner and Director of Audit and Banking Practices for a large midwestern firm to serve as the concurring reviewer for our SEC registrant bank as well as providing consultation with respect to audit and accounting issues for other clients. He has extensive experience auditing banks and public companies as a result of more than twenty years with Ernst & Young, KPMG and his current firm.
- Auditing the California Department of Water Resources on behalf of a large Southern California water agency for the past thirty years, including twelve years while key personnel in our firm were with Ernst & Young. The water agency is a consortium of twenty-six cities and water districts serving nearly nineteen million people in the Los Angeles and San Diego areas. This large, complex audit of the multi-billion-dollar State Water Project managed by the California Department of Water Resources is on a scale and nature as to rarely be performed by other than “Big Four” international CPA firms.
- Performing several special investigative audits for governmental special districts that have received extensive statewide news media attention. Being selected several times to conduct this special audit work demonstrates that our firm has the resources and expertise to successfully complete difficult, unusual auditing projects in a timely manner. Our investigations discovered several problems and our audit results were made public by the districts involved. The FBI, IRS and district attorney’s office subpoenaed our workpapers to assist them with their investigations. We have testified in federal court and given depositions related to this work which, in certain cases, resulted in managers and assistants serving federal prison sentences.

- Preparing audited financial statements and other information for inclusion in several public offering documents reviewed by the SEC and other CPA firms, including Big Four firms, with minimal insignificant changes.
- Preparing audited financial statements reviewed by the State Board of Accountancy without change.

QUALIFICATIONS OF OUR KEY PERSONNEL

We have the personnel with the necessary professional qualifications and technical ability to provide you with the quality service you are looking for. As you can see from the resumes of our key personnel, we have developed the proficiency in the accounting principles and standards and governmental and grant compliance auditing to ensure you will receive quality work. Our firm philosophy centers around our commitment to the highest level of quality service--delivered by quality people. We have a history of providing technical excellence through teamwork responsive to clients' needs and expectations. Our commitment to quality results in satisfying the needs of our clients by providing value-added services and attracting and retaining clients of the highest caliber.

Our key audit executives will participate heavily in the audit of the Authority. This assures the Authority will receive a quality audit managed and executed on-site by seasoned professionals, knowledgeable of the government and specifically the water industry. We believe the quality of our services exceeds that of national and other firms because our audit team uses more experienced professionals to actually perform the work. National and other firms typically rely heavily on senior and staff accountants to perform audit fieldwork with minimal on-site direction from partners or managers.

The following resumes outline the qualifications and experience of our key team members.

Ingrid M. Sheipline, CPA (Managing Partner)

Ingrid serves as our Managing Partner and would be the Authority's audit partner. She would have overall responsibility for planning, directing and coordinating our services for you. Since significant and timely partner involvement is a cornerstone of our quality control procedures, she will be involved in all phases of our audit work from initial planning through report preparation. Formerly an audit manager with Ernst & Young LLP, she is a Certified Public Accountant with over thirty-five years of experience. Ingrid has supervised and conducted the fieldwork for a variety of clients including governmental entities, nonprofit organizations, utilities, banks, insurance agencies, manufacturers and distributors. While with Ernst & Young LLP, she specialized in governmental entities and grant compliance auditing, and has attended or taught numerous governmental education seminars. She is currently serving or has served almost all of the governmental entities listed in this proposal, including most of the water agencies, such as Sacramento Groundwater Authority, Regional Water Authority, Amador Water Agency, Tuolumne Utilities District, Fair Oaks Water District, Sacramento Suburban Water District, Carmichael Water District, San Juan Water District, American River Flood Control District, State Water Project Contractors Authority, Citrus Heights Water District, South Feather Water and Power Agency, Merced Irrigation District, Nevada Irrigation District, Rancho Murrieta Community Services District, El Dorado Irrigation District, Rio Linda/Elverta Community Water District and South Yuba Water District and numerous other governmental agencies.

Ingrid has a Bachelor of Science degree in accounting with honors from California State University, Sacramento. She is a member of the American Institute of Certified Public Accountants and the California Society of Certified Public Accountants, having served on the Board of Directors of the Society's Sacramento Chapter and as a member of the Government and Nonprofit Committee. She is licensed to practice in California.

Brian Nash, CPA (Partner and Concurring Reviewer)

Brian, a Certified Public Accountant and partner with our firm, would serve as the concurring reviewer. He has thirty years of professional accounting and auditing experience and has provided services to a variety of clients, including most of the government entities, nonprofits, banks, water agencies and other entities described in the following section of this proposal. He currently serves or has served a number of the water agencies, including Yolo Subbasin Groundwater Agency, San Luis & Delta-Mendota Water Authority, San Joaquin Valley Drainage Authority, Yolo County Flood Control and Water Conservation District, El Dorado Irrigation District, Elk Grove Water District, Oakdale Irrigation District, South San Joaquin Irrigation District, Sacramento Suburban Water District, Tri-Dam Project and Power Authority, San Juan Water District, Yuba County Water Agency, Calaveras County Water District, South Feather Water and Power Agency, Tuolumne Utilities District, Solano County Water Agency, Merced Irrigation District and South Yuba Water District, American River Flood Control District, and numerous other governmental agencies, including cities and other special districts. Brian received a Bachelor of Science degree in accounting with honors from California State University, Sacramento. He is a member of the American Institute of Certified Public Accountants and the California Society of Certified Public Accountants and is licensed to practice in California.

David Chiaravalloti, CPA (Audit Senior Manager)

David, a senior audit manager with our firm, will organize, conduct, review and evaluate field work and will be responsible for the planning and report preparation and review under the direction of Ingrid. He has extensive experience auditing water districts, cities and other governmental entities with Richardson & Company, LLP and another CPA firm. He has twenty-two years of professional experience, including nineteen years with our firm. The clients he has served include Yolo Subbasin Groundwater Agency, San Joaquin Valley Drainage Authority, San Luis & Delta-Mendota Water Authority, Fair Oaks Water District, El Dorado Irrigation District, Merced Irrigation District, San Juan Water District, Citrus Heights Water District, South Yuba Water District, Yolo County Flood Control and Water Conservation District, County Water Agency, Mountain House Community Services District, City of West Sacramento, City of Lincoln and City of Colfax. He has also worked on the California Department of Water Resources audit for the entire time he has been with our firm. He also has experience with other public agencies including auditing proprietary funds at cities. David received a Bachelor of Science degree in accounting from California State University, Sacramento. He is a member of the American Institute of Certified Public Accountants and the California Society of Certified Public Accountants and is licensed to practice in California.

Other Staff

We would assign a senior and staff accountants to the engagement with experience working on governmental audits since everyone in our firm is required to work on a portion of our previously mentioned audits.

Our Commitment to Staffing Continuity

Richardson & Company, LLP has proven its ability to attract and retain an excellent professional staff to serve our clients and meet our commitments. We currently have twenty-six professional staff, including twelve CPAs, and four administrative staff. In addition, while national and other firms have high staff turnover rates, which makes it difficult to provide staffing continuity from year to year, our firm has experienced a very low turnover rate. Accordingly, we commit to

maintaining a staffing level sufficient in size and experience to successfully complete the audit each year. We consider staffing to be of the utmost importance because of its significant impact on our ability to provide you with outstanding service. We have consistently demonstrated our firm's ability to recruit, train and maintain a quality staff as evidenced by our excellent peer review results for the past thirty years and our ability to consistently attract and serve quality clients.

If selected as your auditors, Ingrid Shepline would have overall responsibility for our services for you. Ingrid would spend a substantial amount of time on site during the audit and will assist with the resolution of any issues. Ingrid would work closely with David to ensure they have all the resources necessary to provide the Authority with excellent service.

The engagement manager would be David, who has been with our firm for nineteen years. He would work on site as the in-charge accountant during the duration of the audit fieldwork. While we would have other auditors assigned to the engagement with less experience, they will always be supervised by David. We have three other senior managers with similar experience that could be assigned to the audit that would be equally qualified to perform the Authority's audit.

Education

Our firm regularly attends courses on government accounting and auditing issues and grant compliance auditing and is represented at the California Society of CPA's Sacramento Chapter of the Government Committee to stay abreast of current issues affecting the government industry. Consistent with *Government Auditing Standards*, each of our auditors that are responsible for planning, directing, conducting or reporting on any of our government-related audits completes 80 hours of continuing education and training every two years, including subjects directly related to the government environment and to grant compliance auditing. All personnel that will be assigned to your engagement team have attended governmental training programs. Our governmental training program consists of governmental courses offered by professional societies as well as subscription to a video training service that includes significant issues relating to governmental accounting standards and grant compliance presented by top government experts from throughout the country. We also provide internally developed classes addressing current accounting and auditing issues pertinent to our clients. Topics of these courses attended by each of the staff above over the past three years have included the following:

Annual Governmental Accounting and Auditing Conference	Yellow Book and Single Audit Update
Government Auditing Standards	Communicating Internal Control in Government Audits
Audit Risk Assessment Standards	GASB, New Standards
New Guidance: From Derivatives to OPEB	Government Fraud: Profiling & Prevention
Fraud: Exposures and Solutions	GASB's Lease Standard

- The Alpha Fund (a joint powers authority and workers compensation risk pool primarily for rural hospitals) an affiliate of the Association of California Healthcare Districts, Inc.

- Funds and accounts of the California Department of Water Resources on behalf of the Metropolitan Water District of Southern California, including special analyses and projects related to its contract with the State

SPECIFIC AUDIT APPROACH

Scope of Services

We understand that the Authority requires an audit of its basic financial statements for the fiscal year ended June 30, 2022 and, at the Authority's option, the fiscal years ended June 30, 2023 and 2024 including all procedures necessary for the issuance of an opinion regarding the fairness of the presentation of the financial statements in conformity with U.S. generally accepted accounting principles. The audits will be conducted in accordance with U.S. generally accepted auditing standards, the standards set forth for financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States as revised, and the Minimum Audit Requirements and Reporting Guide for California Special Districts as required by the State Controller's Office. These services will include the following:

1. Perform an audit of the Authority's financial statements in accordance with generally accepted auditing standards, *Government Auditing Standards* and the State Controller's Minimum Audit Requirements for California Special Districts.
2. Express an opinion on the financial statements as to whether they present fairly, in all material respects, the financial position of the Authority and the changes in financial position in conformity with generally accepted accounting principles (GAAP), and issue an independent auditor's report stating this opinion.
3. Test internal control over financial reporting and compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters, in accordance with *Government Auditing Standards*, and issue an independent auditors' report on their consideration. Any significant deficiencies and material weaknesses, if any, found during the audit will be addressed in these reports.
4. Apply limited audit procedures to the Required Supplementary Information (RSI), including Management's Discussion and Analysis (MD&A).
5. Prepare a management letter and SAS 114 letter to the Finance and Administration Committee and Management which identifies significant audit findings, difficulties encountered in performing the audit, identify any correct and uncorrected misstatements, disagreements with management, management representations, control deficiencies, significant deficiencies and material weaknesses, if any, and our recommendations for improvements in accounting and administrative controls.
6. Report on cash and investments, as applicable.
7. Communicate immediately and in writing all irregularities and illegal acts, or indications of illegal acts, of which we become aware to the Finance Committee and Board of Directors.
8. Present audited financial statements to the Authority's Board of Directors.
9. Prepare the State Controller's Report.

Audit Approach

Our extensive experience in auditing ensures that we will concentrate on those areas of highest risk and plan and coordinate our work with management. We will not waste your time and resources by auditing areas that have no material risk to the financial statements. We will perform an assessment of the internal controls for the purpose of determining the procedures necessary to perform our audit, and any recommended enhancements to internal controls that we note during our audit will be communicated to management and the Board of Directors.

Our audit approach to this engagement is divided into three stages as follows:

Initial Planning: We believe that a smoothly-run audit is based upon the early identification and resolution of reporting and auditing issues. Due to the extensive knowledge gained through auditing governmental organizations similar to the Authority, we will identify such issues in a timely manner and obtain a better understanding of your organization and the external and internal environments in which the Authority operates. We will examine significant contracts and agreements to determine the effect on the nature and extent of the auditing procedures and to determine laws and regulations subject to test work. We will meet with your personnel to obtain an understanding of your internal control structure policies and procedures and to document the flow of information through the accounting system, including how the accounting system is used to process data, and prepare internal control questionnaires and walkthrough memos with the assistance of your staff.

In order to familiarize ourselves with the Authority's accounting processes, including internal controls that are in place, we will provide the Authority with a list of questions, and will meet with Authority personnel to discuss them. We will also determine the provisions of any and all federal and state contracts; statutes; ordinances; charters; bond or loan covenants; administrative code or other rules and regulations that have a significant financial impact on the Authority. We will review organization charts and any accounting procedures manuals to obtain an understanding of the Authority.

Program Development: Our risk assessment and evaluation of internal controls will provide the basis for determining the nature, timing and extent of audit procedures for specific transactions and accounts. Our approach to gaining an understanding of internal control will be in accordance with Statement of Audit Standard (SAS) Nos. 104 through 111, as updated by Nos. 122 through 125. Accordingly, we will focus on obtaining an understanding of the control environment, risk assessment, information and communication, and monitoring components. We will use our experience with other water district audits to document the Authority's control environment and will perform a walkthrough of significant areas to assess control risk for the purpose of planning our substantive tests. We will perform additional testing of internal controls as needed based on our risk assessment. An overall audit program is the end product of our initial planning. The primary purpose of this phase of our audit approach is to assess the likelihood of material error in the accounts and transactions and to determine the most cost effective and cost-efficient mix of audit procedures. In developing the audit program, our aim will be to:

- Provide a complete audit program for all important financial statement amounts.
- Eliminate redundant audit procedures.
- Use audit procedures which accomplish more than one purpose.

Our audit approach is based on an analysis and understanding of the external and internal risks currently facing the organization we are auditing. Risk analysis enables us to design the most

effective and efficient audit program, which evaluates and includes audit tests in relation to the size and probability of these risks. This approach provides us with a uniform method for developing and documenting the basis for our audit program. We provide our clients with a detailed list of items needed during the audit well in advance to allow for sufficient time to gather the information. This approach minimizes disruption to Authority staff during the course of the audit.

Program Execution: During this stage of our audit, we will perform the tests of transactions processed through the accounting system, direct tests of account balances and tests of compliance with laws, regulations and contracts. We plan to use either random or systematic sample selection methods to perform such tests. We will utilize analytical procedures in all areas of the audit, especially for revenues and expenses. We will perform all requested tasks as one integrated engagement and will schedule the timing of our field work so that there will be minimal disruption of the day-to-day operations. We will perform testing of internal controls in the area of cash disbursements. We will select our samples randomly from number sequences or other documents provided by the Authority. We will use the Authority's budget to determine the need for restrictions or designations as well as to perform analytical procedures for comparison to actual revenues and expenses.

We will perform analytical procedures to assist us in identifying areas of risk for which substantive procedures will be performed. However, we believe analytical procedures alone will not identify all potential significant misstatements and will detail test certain balance sheet and income statement accounts that our experience has shown are frequently misstated, such as certain receivables and subsequent payments that may need to be accrued as liabilities. We will utilize computer software during the engagement, including during the on-site fieldwork, for all workpaper preparation and for developing the lead schedules and trend analysis reports used in the audit process.

The following work plan was developed with your deadlines in mind. The timing identified in the work plan is approximate. **Upon selection as your independent accountants, we will meet with you, and together we will determine a specific timetable which ensures minimal disruption of your employees and that the Authority's desired deadlines are met.** As can be seen from the following work plan, the service team is composed in such a way that each member has adequate supervision and technical support.

Work Plan

Task	Audit Timing
Audit Planning:	
Begin audit planning process	February/March
Internal control/systems documentation, evaluation and testing	
Develop audit programs	
Provide audit assistance package and confirmation letters	
Risk Assessment	
Substantive Testing:	April
Cash	
Revenue, receivables and deferred revenue	
Expenses for goods and services and related liabilities	
Net Position - restricted and unrestricted	
Reporting and Wrap-up:	
Preparation of the financial statement and other reports	April
Draft reports available for review	Late May
Delivery of final reports	June

Our audit will be planned so that delivery of all required reports will be accomplished in a timely manner. We believe that the staffing of the audit is sufficient to ensure the timely completion of the audit and to ensure that the work is properly supervised. We would work closely with management to ensure that we provide timely services consistent with your requirements. We will prepare the financial statements consistent with professional standards and will review the drafts of all our reports and letters with the Authority prior to finalization to ensure the reports meet your requirements. Upon completion of the audit, we will provide the Authority with copies of our reports, as needed, for distribution to management, the Board of Directors, and other interested parties.

Our firm philosophy centers around our commitment to the highest level of quality service--delivered by quality people. Our tradition of providing technical excellence through teamwork responsive to clients' needs and expectations--and doing so to the very best of our ability--requires that our single focus be on quality. Our commitment to quality results in:

- Satisfying the Authority's needs by providing value-added services.
- Attracting and retaining clients of the highest caliber.
- Providing personal satisfaction and opportunity for professional growth for every member of our organization.

New Independence Rules

New independence requirements in the 2018 *Government Auditing Standards* (known as the Yellow Book) apply for the first time during the fiscal year ending June 30, 2021. The new independence requirements add additional scrutiny over nonaudit services performed by auditors, which includes preparation of accrual adjustments and the financial statements with footnotes. The 2018 Yellow Book is intended to result in auditors reevaluating whether they should provide bookkeeping, schedule preparation and other services typically performed as part of an audit that require judgement to be exercised that should be performed by management so they are not put in the position of auditing their own work. We believe the 2018 Yellow Book independence requirements will result in auditors asking clients to find other accounting and

reporting expertise to complete nonaudit services and advise clients about financial disclosures. If we prepare the Authority's financial statements, including footnotes, the Authority will need to ensure that the Authority has someone on staff or hire a consultant that has the skills, knowledge and experience to be able to take responsibility for the completeness and accuracy of the financial statements. If the auditor prepares any accrual adjustments, these will also need to be reviewed by someone with skills, knowledge and experience to review them.

COST PROPOSAL

Our goal is to provide quality service using the highest professional standards at a reasonable cost. We plan each assignment carefully and set a time budget for each phase of the engagement. All of our staff are well indoctrinated in the need to use their time to the fullest efficiency.

During the first year, we will spend a significant amount of time becoming familiar with your organization and operations, developing permanent files, and performing our risk assessment. We will absorb a portion of the cost of this nonrecurring time and view it as an excellent investment in establishing a long-term relationship and in becoming more knowledgeable about your operating environment, which will enhance our ability to provide you with responsive service.

Since Richardson & Company, LLP consists primarily of experienced auditors, you can be sure that you will receive the experience level and quality of service you expect. Our firm will bring to the audits a strong technical background, government and utility accounting expertise, outstanding engagement management skills, which will provide a “fresh look” at your programs.

Because of the start-up time incurred in an audit related to obtaining an understanding of and documenting internal control and accounting processes, it is more cost-effective to the Authority for us to perform multi-year audits. Accordingly, we have provided a fee estimate for performing an audit for three years, assuming the Authority is satisfied with our services and assuming operations remain similar to the fiscal year 2023 budget. Based upon our current understanding of your accounting system and procedures, our fee for audit services would be as indicated in the following table. The first-year start-up time is to set up the financial statements and related footnote disclosures and documenting our understanding of internal controls.

A summary of our fees by task are as follows:

	2021	Fiscal Years 2022	2023
Audit and preparation of financial statement	\$ 7,900	\$ 8,500	\$ 8,800
First year start-up time	1,000		
Preparation of State Controller's Report	400	425	450
	<u>\$ 9,300</u>	<u>\$ 8,925</u>	<u>\$ 9,250</u>

The break-down of our fee by classification is as follows:

Classification	Hours Per Year	Hourly Rates	Fee
Partner	18	\$ 200	\$ 3,600
Senior Manager	40	180	7,200
Staff	50	100	5,000
	<u>108</u>		<u>15,800</u>
			(6,500)
Audit Fee for the year ended June 30, 2022			<u>\$ 9,300</u>

The discount of the rates above gives recognition to the fact the timing of your audit fits extremely well in our schedule and also reflects our commitment to serving water agencies. The fee estimate assumes that the Authority will establish the accounting system on the accrual basis of accounting.

These estimates do not take into consideration changes in the scope of the audit due to changes in accounting or auditing pronouncements and standards, laws or regulations, the loss of key accounting personnel, material weaknesses in the internal control environment, a significant number of audit adjustments, or significant changes in the scope of the Authority's operations. We will discuss a new fee estimate with the Authority if such an event occurs.

Should you have any questions about the details of our fees, or should our fees not appear competitive with those of the other firms, we would appreciate an opportunity to discuss them with you before you make your final decision.

Standard Billing Rates for Additional Services:

Our rates for additional services are as follows:

<u>Classification</u>	<u>Rate per Hour</u>
Partner	\$ 200
Tax Director	240
Senior Manager	180
Managers	160
Supervisors	150
Seniors	120
Staff	100
Administrative or clerical	65

ATTACHMENT A – PEER REVIEW REPORT

Jones, Nale & Mattingly PLC

REPORT ON THE FIRM'S SYSTEM OF QUALITY CONTROL

To the Partners
Richardson & Company, LLP
and the Peer Review Committee of the California Society of CPA's

We have reviewed the system of quality control for the accounting and auditing practice of Richardson & Company, LLP (the firm) in effect for the year ended March 31, 2021. Our peer review was conducted in accordance with the Standards for Performing and Reporting on Peer Reviews established by the Peer Review Board of the American Institute of Certified Public Accountants (Standards).

A summary of the nature, objectives, scope, limitations of, and the procedures performed in a System Review as described in the Standards may be found at www.aicpa.org/prsummary. The summary also includes an explanation of how engagements identified as not performed or reported in conformity with applicable professional standards, if any, are evaluated by a peer reviewer to determine a peer review rating.

Firm's Responsibility

The firm is responsible for designing a system of quality control and complying with it to provide the firm with reasonable assurance of performing and reporting in conformity with applicable professional standards in all material respects. The firm is also responsible for evaluating actions to promptly remediate engagements deemed as not performed or reported in conformity with professional standards, when appropriate, and for remediating weaknesses in its system of quality control, if any.

Peer Reviewer's Responsibility

Our responsibility is to express an opinion on the design of the system of quality control and the firm's compliance therewith based on our review.

Required Selections and Considerations

Engagements selected for review included engagements performed under Government Auditing Standards, including a compliance audit under the Single Audit Act.

As a part of our peer review, we considered reviews by regulatory entities as communicated by the firm, if applicable, in determining the nature and extent of our procedures.

Opinion

In our opinion, the system of quality control for the accounting and auditing practice of Richardson & Company, LLP in effect for the year ended March 31, 2021, has been suitably designed and complied with to provide the firm with reasonable assurance of performing and reporting in conformity with applicable professional standards in all material respects. Firms can receive a rating of pass, pass with deficiency(ies) or fail. Richardson & Company, LLP has received a peer review rating of pass.

Austin Miller, Administrator
Consumnes Groundwater Authority
8970 Elk Grove Blvd
Elk Grove, CA 95624

January 13, 2023

Dear Directors and Management:

Thank you for the opportunity to submit the following proposal to serve as independent auditor for the Consumnes Groundwater Authority. This letter provides the following confirmation.

Independence: Our firm is independent of the Consumnes Groundwater Authority

License to Practice: Our firm and all assigned key professional staff are properly registered and licensed to practice in the state of California.

Experience: Our firm has the direct experience necessary to carry out the objectives outlined, and the work proposed in this RFP.

Availability: All of our resources are available to meet the objectives of this proposal.

Lawsuits or Claims: There are no lawsuits or claims of fraud or malpractice relating to our firm's government audit and consulting practice.

This proposal is valid for a 60-day period from January 18th, 2023.

Should you need any additional information regarding this proposal please call John E. Blomberg, C.P.A. at (209) 466-3894.

Respectfully Submitted,

John E. Blomberg, C.P.A.

INDEPENDENT AUDIT PROPOSAL

Austin Miller, Administrator
Consumnes Groundwater Authority
8970 Elk Grove Blvd
Elk Grove, CA 95624

January 13, 2023

Dear Directors and Management:

We propose to conduct the audit(s) of the financial statements of the Consumnes Groundwater Authority for the fiscal year(s) ending June 30, 2022, in accordance with generally accepted auditing standards as set forth by the American Institute of Certified Public Accountants, and in accordance with the "Minimum Audit Requirements and Reporting Guidelines for California Special Districts" as required by the State Controller's Office.

Our proposal includes a report of the fair presentation of the financial statements in accordance with auditing standards generally accepted in the United States of America. Our proposal also includes Required Supplemental Schedules (RSI) as required by GASB 34 and 68 if applicable.

We will render a report on compliance and internal control over financial reporting based on an audit of the financial statements. A written report will be issued immediately to management upon the discovery of illegal acts or major irregularities discovered during the audit.

We will prepare and forward and Annual Report of Financial Transactions of Special Districts pursuant to Government Code Section 53891 to the State Controller's Office.

We will present the completed audited financial statements to the Board of Directors at a regularly scheduled board meeting. We will perform a review of the appropriations limits as described in scope of services.

Our firm is comprised of nine professional and support staff, was incorporated in 1981 and has over forty years of government audit experience. The size of our government audit contracts performed range from less than \$100,000 to more than 30 million (annual budget). Our listing of local government auditing work performed in the last five years includes over two hundred fifty audits of California Special Districts of the following types:

- Community Services District
- Fire Districts
- Water Districts

- Irrigation Districts
- Cemetery Districts
- Resource Conservation Districts

Our Government Consulting Work Performed Includes:

- Compliance Audits (OMB A-133) single audits
- Rate Studies
- Asset Observations
- Depreciation Schedules
- GANN Limit Calculations
- CalPERS Pension Disclosures
- OPEB Accruals and Disclosures
- Internal Controls/Procedures
- Various Computer Programs
- State Controller's Report
- Payroll Compliance
- Various Other Matters

Our Proposed Audit Work Plan:

- Preliminary Planning/Analytical Review
- Roll Forward of Various Files
- GASB 68 Update
- Preliminary Financial Statement Layout
- Preliminary Depreciation Schedule Test
- Review of Controls and Update of I/C and W/P
- Various Analytical Procedures
- Preparation of and Electronic Filing of State Controller's Report

Field Work:

- Review of G/L and Beginning Balance Test
- Review of Minutes
- Payroll Test
- Revenue Test
- Disbursement Test
- Review of Contracts, Grants and Agreements, Asset Additions and Deletions
- GASB 68 Update
- Review of MD&A and Footnotes Update
- Prepare Various Confirmations
- Exit Conference

Report Preparation:

- Prepare Comparative Financial Statements and Footnotes
- Various Analytical Procedures
- Assists with Preparation of MD&A
- Prepare Preliminary Audit Report for Management Review
- Prepare Final Audit Report and Presentation at Board Meeting

REQUEST FOR PROPOSAL

INDEPENDENT AUDITING SERVICES
(Fiscal Year 2021-2022)

Proposals Due: January 18, 2023

Cosumnes Groundwater Authority

**8970 Elk Grove Blvd.
Elk Grove, CA 95624**

info@CosumnesGroundwater.org

**Cosumnes Groundwater Authority
Request for Proposal
Independent Auditing Services**

SECTION 1 – GENERAL INFORMATION

The Cosumnes Groundwater Authority (Authority) is accepting proposals for the performance of independent auditing services. The purpose of these audit services is:

1. Express an opinion on the fairness of the presentation of the Authority's general purpose financial statements annually for fiscal years 2021/22.
2. Prepare and submit the State Controller's Report for the fiscal year ended June 30, 2022.

The auditor shall apply Generally Accepted Accounting Principles applicable to government agencies and conduct the audit in accordance with Generally Accepted Auditing Standards set forth by the American Institute of Certified Public Accountants in the Statement of Auditing Standards. Additionally, the audit shall be made in accordance with Government Auditing Standards issued by the Comptroller General of the United States and the State Controller's Minimum Audit Requirements for California Special Districts.

Authority Organization and Operations

The Authority overlays the Cosumnes Subbasin, a medium priority subbasin, located in the southern portion of Sacramento County, and part of Amador County. The Authority is a joint powers authority (JPA) consisting of the 7 Groundwater Sustainability Agencies (GSAs), or Member Agencies, within the subbasin, Omoichumne-Hartnell Water District ([website](#)), Sloughhouse Resource Conservation District ([website](#)), Galt Irrigation District ([website](#)), Clay Water District ([website](#)), City of Galt ([website](#)), Amador County Groundwater Management Authority ([website](#)), and Sacramento County ([website](#)), and has been designated to implement the Cosumnes Subbasin Groundwater Sustainability Plan (GSP).

Inquiries

All inquiries concerning this Request for Qualifications (RFQ) must be directed in writing to Austin Miller at info@cosumnesgroundwater.org.

Proposal Submission

Submit one original via email to Austin Miller at info@cosumnesgroundwater.org by 5:00 pm on January 18th, 2022.

Proposal Timeline

Release RFP	November 22, 2022
Proposals Due	January 18, 2022
Proposals Reviewed	January 23, 2022

Discrepancy or Other Errors in RFP

If a bidder discovers any discrepancy, conflict, omission or other error in the RFP, the bidder shall immediately notify the Authority of such error in writing and request modification or clarification of the document. Any modification made will be done by issuing a revision and will be given by written notice to all parties who have been given a copy of the RFP. If a bidder fails to notify the Authority of the error prior to the date and time stated for submission of proposals, the proposal shall be submitted at the bidders own risk, and if awarded the contract, the bidder shall not be entitled to additional compensation or time by reason of error or its later correction.

Proposal Preparation Cost

Costs for developing proposals are entirely the responsibility of the bidders and shall not be chargeable to the District.

SECTION 2 – DESCRIPTION OF SERVICES

Scope of Services

The auditor is to perform all phases of an audit of the general purpose financial statements of the Authority. The audit will be performed in accordance with generally accepted auditing standards, and will include all procedures necessary for the rendition of an opinion regarding the fairness of the general purpose financial statements in accordance with generally accepted accounting principles. The following items are specifically required:

1. The auditor shall evaluate the adequacy of the system on internal control and make recommendations as appropriate.
2. The auditor shall perform a review of the Appropriations Limit set by Article XIII B of the California Constitution as amended by Proposition 13. This article requires that the annual calculation of the Limit be reviewed as part of the annual financial audit. The review will determine if the current appropriation limit adopted by the Authority's Board of Directors is calculated in accordance with these guidelines.
3. Following the completion of the audit, the selected auditor will be required to deliver the following no later than June 30th of 2023.
 - a. Independent Auditor's Report
 - b. Management Letter
 - c. Report on any irregularities or illegal acts
 - d. Report on cash and investments
 - e. Preparation of the State Controller's Report
4. A representative from the selected firm will present the audited financial statements and any audit findings to the Authority's Board of Directors at a regularly scheduled Authority Board Meeting.

5. The auditor shall make its working papers available during the audit and for a period of three (3) years thereafter to the representatives of any federal, state or local agencies which provide funding to the Authority.

Authority Assistance to Auditor

Authority staff will be available during the audit engagement to assist in such items as locating required records and supporting information, preparing schedules and account analyses and data as required and such other tasks that will serve to expedite the engagement as deemed reasonable and necessary by the Authority.

SECTION 3 – PROPOSAL REQUIREMENTS AND RATING

Proposal

The proposal submitted by your firm shall specifically address the following:

1. Legal name, address, telephone number and fax number of the firm's office.
2. Name of firm's representative designated as the contact person for the RFP.
3. A description of your firm's background and experience in providing auditing and management consulting services to similar governmental organizations including an affirmation that the firm and its agents are properly licensed for practice as Certified Public Accountants.
4. A summary of your audit plan and tentative schedule to complete the engagement by the requested due date. In addition, please provide a description of your approach to the audit including expected reliance on statistical sampling methods and the system of internal controls.
5. Names and resumes of firm's officers, principals and other key personnel to be assigned to the engagement.
6. A list of at least three references from locally served governmental audit clients. Please provide a name, address, telephone number and e-mail address for a contact person for each reference. It is the District's intention to verify these references prior to making the final selection.
7. Any additional information considered necessary in assessing the firm's qualifications and experience.
8. Proposed cost to provide audit services.

Cover Letter

The proposal shall be transmitted with a cover letter which includes the following:

1. Signature of an individual who is authorized to bind the bidder contractually.

2. Confirmation of the receipt of the RFP and all addenda thereto.
3. Statement that the proposal is valid for a 60-day period from the due date of the proposal.
4. The name, title, address, telephone number and e-mail address of the individual to whom correspondence and other contacts should be directed during the selection process.

Address the proposal to:

Austin Miller, Administrator
Cosumnes Groundwater Authority
8970 Elk Grove Blvd.
Elk Grove, CA 95624

Proposal Rating

Proposals will be evaluated in detail and additional information may be requested from proposers. Before final award of the contract, the District may interview the top-ranked proposers. Upon selection of an auditing firm, contract negotiations will start as soon as possible. If a contract cannot be negotiated for any reason, another vendor may be selected.

The following represents the principal selection criteria which will be considered during the evaluation process:

- 1 Expertise and Experience of the Firm
This includes the firm's past experience on comparable government engagements; the quality and expertise of the firm's professional personnel to be assigned to the engagement and the adequacy of the firm's continuing professional education program for its professional personnel.
- 2 Audit Approach
The audit approach shall demonstrate an understanding of the District's objectives and needs and present a clear and organized description of how the auditor plans to meet them. This includes the adequacy of the proposed staffing of the engagement to ensure that the work is properly supervised and that the estimate of the number of hours to complete the work is accurate to ensure completion of the engagement by the requested due date.
- 3 Cost
The cost to perform the requested services.

The Authority reserves the right not to award a contract, to modify the scope of services required as necessary and/or to accept or reject any or all submittals received as a result of this request.

SECTION 4 – TERMS AND CONDITIONS

Term of Agreement

The term of the proposed agreement shall be until the 2021/22 fiscal year audit and required reports are complete and submitted. The Authority may retain the independent auditor for additional fiscal years if satisfactory terms of renewal can be negotiated.

Standard Terms and Conditions

The following clauses, in substantially the form presented, will be made part of a professional services contract the selected auditor will be expected to sign. It is anticipated that modifications and additions may be required once an auditor has been selected.

1. Termination and Breach of Contract: The Authority may terminate the Contract for the breach of any covenant, term and condition of the Contract by the auditor, its officers, agents or employees, provided the breach is not cured within ten (10) days after written notice thereof is presented to auditor. In the event that the Contract is for any reason terminated for cause by the Authority, auditor shall be liable to the Authority for the expense of the Authority arranging to obtain any services provided herein from an alternative source. Authority may terminate this Contract after thirty (30) days notice for any reason. If District terminates this Contract without cause as provided for herein, Authority shall be liable for the reasonable value of auditor's work up to the effective date of the notice. Authority's determination of the reasonable value of the auditor's work shall be final.
2. Time of the Essence: Time shall be of the essence with respect to each term and condition of the Contract.
3. Indemnity: Auditor agrees to fully indemnify, defend and hold harmless the Authority, its officers, employees and agents from any and all loss, damage, liability, claim, demand, or cause of action whatsoever resulting from or alleged to have arisen out of or have resulted from any act or omission of auditor, its officers, employees, agents, independent contractors, or representatives in the performance of this Contract.
4. Independent Contractor: In the performance of the work herein provided for, auditor shall be, and, is an independent contractor and is not an agent or employee of the Authority. The Authority has and shall retain the right to exercise full control and supervision of the services to be rendered to the Authority and full control over auditor in the performance of all services hereunder. The auditor shall be solely responsible for all matters relating to the payment of its employees, and all other regulations governing such matters.
5. Workers' Compensation Insurance Requirements: In addition to any other form of insurance required under the terms of this Contract, the auditor shall maintain Workers' Compensation insurance with statutory limits for any employees of the auditor. If any owner or employee is not covered by Workers' Compensation insurance, the auditor shall provide a statement to the Authority to that affect. The auditor shall agree to fully indemnify, defend and hold harmless the Authority, its officers, employees and agents from any and all workers' compensation claims by any owner, employee or subcontractor of the auditor in the performance of this Contract.

Agenda Item #4

Cosumnes Groundwater Authority Board of Directors Meeting

Agenda Date: January 26th, 2023

Agenda Item #: 4

Agenda Item Subject: Long Term Funding

To: CGA Board of Directors

From: CGA Staff

Background

To fund the continued implementation of the Cosumnes Subbasin Groundwater Sustainability Plan (GSP) and the work of the Cosumnes Groundwater Authority (CGA), the CGA Board selected SCI Consulting to develop a long-term funding study.

Funding study development activities to date:

- August-September 2022: SCI met with CGA Staff to better understand previous funding studies and CGA structure/formation.
- September 2022: Introductory presentation at CGA Board meeting.
- October 2022: Initial workshop on the development of a fee study.
- December 2022: Presentation of updated scenarios/methodology at CGA Board meeting.

While important feedback was provided at the October Workshop and December Board Meeting, CGA has not yet decided on an approach to a potential new fee structure. To ensure that SCI has appropriate time to create a first draft fee study, assist the CGA Board in performing appropriate outreach related to the study, and finalize the document on schedule, it is essential that the CGA Board provide adequate direction to SCI Consulting at the January Board Meeting.

Staff Recommendation

- Provide direction on the Draft Cosumnes Subbasin Funding Study methodology.

Agenda Item #5

Cosumnes Groundwater Authority Board of Directors Meeting

Agenda Date: January 23rd, 2022

Agenda Item #: 5

Agenda Item Subject: Outreach and Engagement

To: CGA Board of Directors

From: CGA Staff

Background

Farmer Survey:

- The main purpose for the survey is to assess the interest of farmers/ranchers in participating in efforts to reduce water use as well as parallel efforts to increase water supply by engaging in managed aquifer recharge. We would also like to understand the types of incentives farmers would consider in exchange for their participation.
- CGA Staff plan to work with the CGA Projects Committee and the Outreach & Engagement Team to consolidate the survey findings and to develop a memo to help identify approaches/options to reduce groundwater pumping/increase recharge in the Cosumnes Subbasin that are consistent with the interests of farmers/landowners.
- The survey is completely confidential, and you are not obliged to answer all the questions. Link: <https://forms.gle/CTXJLDV3VBX56UMaA>

Workshops:

- Saturday, February 4th, 2023, 10am-12pm, Wilton Community Center
- RESCHEDULED: ~~Wednesday, January 25th, 2023~~
 - NEW DATE: February 22, 2023, 5pm-7pm, Herald Fire Hall
- We have scheduled two public workshops/open house events to engage the community on a variety of groundwater sustainability topics. Interested community members and stakeholders will learn more about project planning efforts and the Cosumnes Groundwater Authority's first year as an organization. Partner organizations will also be present to share groundwater related information and resources.

Staff Recommendation

- Promote the Farmers Survey to help inform project development.
- Promote the February public workshops.
- Consider GSA specific outreach activities (formal/informal workshops with constituents, letter to the editor, mailers, etc.) coordinated with CGA efforts.

Agenda Item #6

Cosumnes Groundwater Authority Board of Directors Meeting

Agenda Date: January 23rd, 2023

Agenda Item #: 6

Agenda Item Subject: Status of Annual Report

To: CGA Board of Directors

From: CGA Staff

Background

Staff have been working with EKI on the development of the Water Year 2022 Annual Report (October 2021 – September 2022). Currently, the COSANA model is being updated with the Water Year 2022 data. The model runs will take place through February. EKI will provide an update at the February CGA meeting. A draft Annual Report is expected for review of the CGA Board in March. April 1st is the submission date of the Annual Report to the Department of Water Resources.

Staff Recommendation

Monitoring: The current monitoring contract with MLJ Environmental has been completed. To align our monitoring contract to coincide with the fiscal and water year, staff recommends extending the MLJ Environmental contract to cover Spring 2023, and this Summer explore a new monitoring contract for Fall 2023 and Spring 2024.

Agenda Item #7

Cosumnes Groundwater Authority Board of Directors Meeting

Agenda Date: January 23rd, 2023

Agenda Item #: 7

Agenda Item Subject: Board Governance and Budgeting

To: CGA Board of Directors

From: CGA Staff

Background

The Cosumnes Groundwater Authority adopts a yearly budget ahead of the start of each fiscal year (current budget adopted June 20, 2022). To authorize member contribution payments for Fiscal Year 2021-2022, the 7 GSAs entered into an “Initial Funding and Revenue Agreement”. A similar agreement for Fiscal Year 2022-2023 (and future years) has not yet been established. Member GSAs who have levied groundwater sustainability fees this year will be receiving their first installments of revenue generated through the County’s property tax roll in the first quarter of 2023.

Agenda Item #8

Cosumnes Groundwater Authority Board of Directors Meeting

Agenda Date: January 23rd, 2023

Agenda Item #: 8

Agenda Item Subject: Flooding and Groundwater

To: CGA Board of Directors

From: CGA Staff

Flooding Resources and Damage Reporting

- Sacramento County has put together a list of property related concerns (utilities, water wells, etc.) to keep in mind when returning trying to return to normal after a flood event. Read the article here: saccounty.gov/news/latest-news/Pages/After-a-Property-Flood.aspx
- Growers that have sustained damages due to these recent storms, need to report damages to the Sacramento County Agriculture Commissioner's office with the Report of Loss Form. This form can be found online at agcomm.saccounty.gov/Pages/default.aspx. Completed Report of Loss Forms may be hand delivered or mailed to either office below, or emailed to agcomm@saccounty.gov.
- To support residents and businesses that have suffered disaster-related losses or damages, Sacramento County has opened a Local Assistance Center (LAC) starting today, Jan. 18, 2023, in partnership with the Federal Emergency Management Agency and California Office of Emergency Services, at the Chabolla Community Center, 600 Chabolla Ave, Galt, CA 95632. More information: saccounty.gov/news/latest-news/Pages/Local-Assistance-Disaster-Recovery-Center-Opening.aspx
- To report damage to homes or businesses within Sacramento County go to: saccounty.gov/news/latest-news/Pages/How-to-Report-Property-Damage-From-Storms-.aspx
- For more information on the disaster response/reporting in Amador County, contact the Amador County Office of Emergency Services: amadorgov.org/departments/office-of-emergency-services.

Agenda Item #9

Cosumnes Groundwater Authority Board of Directors Meeting

Agenda Date: January 23, 2023

Agenda Item #: #9

Agenda Item Subject: Grant/Funding Updates

To: SRCD Board of Directors

From: CGA Staff

Background:

CGA Staff has been tracking a variety of grant programs that align with CGA's priorities. Listed below are upcoming grant opportunities that CGA, local GSA, and/or partners may be interested in applying for.

Upcoming Partner Grant Applications:

------------------------------------	----------------------	---------------------------------------	--	-------------------------------	-------

Staff Recommendation:

- Provide direction on potential grant applications and letters of support.

Agenda Item #10

**Cosumnes Groundwater Authority
Board of Directors Meeting**

Agenda Date: January 23rd, 2023

Agenda Item #: 10

Agenda Item Subject: CGA Staff Report

To: CGA Board of Directors

From: CGA Staff

No action required.

Agenda Item #11

Cosumnes Groundwater Authority Board of Directors Meeting

Agenda Date: January 23rd, 2023

Agenda Item #: 11

Agenda Item Subject: DWR North Central Regional Office Update

To: CGA Board of Directors

From: CGA Staff

Background

Chelsea Spier, Regional Coordinator for the Northern Central Region Office of the CA Department of Water Resources, has provided the attached update. Updates include funding opportunities for Subbasins/GSAs and individual landowners, upcoming conferences and events, and DWR programs related to SGMA and drought.

January 2023 DWR Updates (from DWR's North Central Region Office)

Grants

California Grants Portal

The California State Library, in partnership with the Department of Water Resources and other state grantmaking agencies, has launched the California Grants Portal – your one destination to find all state grant and loan opportunities provided on a first-come or competitive basis. Visit grants.ca.gov to find funding opportunities for you and your community.

NEW: DWR LandFlex Grant Program

DWR developed the [LandFlex Program](#) (LandFlex) to provide immediate drought relief to drinking water wells in drought-stricken communities and limit unsustainable groundwater pumping in critically overdrafted (COD) basins. LandFlex is a program that will provide \$25 million in block grants to GSAs to grant to farmers who limit agricultural water use. GSAs would work directly with farmers to identify land that would reduce pumping impacts to nearby dry wells. A [fact sheet](#) and [final guidelines](#) are available. Questions can be sent to sgwp@water.ca.gov. An applicant workshop will be held on January 19, 2023, [register here](#).

Department of Conservation Multibenefit Land Repurposing Program DRAFT guidelines now available

The [Department of Conservation](#) (DOC) is pleased to announce the release of the [Round 2 \(FY 22/23\) Multibenefit Land Repurposing Program \(MLRP\) Draft Guidelines](#). To date, the program has received \$90 million in appropriations. **This current Round (Round 2) includes \$40 million to the Department to fund groundwater sustainability projects that reduce groundwater use, repurpose irrigated agricultural land, and provide wildlife habitat.** The guidelines are expected to be finalized and posted 1/20/23 and the applications will be due March 29, 2023.

NEW SWRCB: Three workshops set for drinking water grant guidelines

A series of [three public workshops](#) will be held next month to discuss the [draft Expedited Drinking Water Grant Funding Program Guidelines](#) developed by the State Water Resources Control Board. [The program](#) provides an expedited process for public agencies to obtain grants for high-priority projects. The workshops will be held on Feb. 6, in Riverside; on Feb. 7, in Sacramento; and on Feb. 8, in Visalia.

Urban Community Drought Relief Grant Program

DWR has released the FINAL 2022 Guidelines/Proposal Solicitation Package (GL/PSP) for the [Urban Community Drought Relief Grant Program](#) for public review. This solicitation will make **approximately \$285 million in grant funding available for drought response projects with a solicitation opening October 10 and ending of January 31, 2023. The first set of awards are expected to be announced December 2022.** The drought relief goal is to address immediate impacts on human health and safety and on fish and wildlife resources, and to provide water to persons or communities that lose or are threatened with the loss or contamination of water supplies. CDFW will review and award these proposals on an ongoing basis, as often as monthly.

Fish and Wildlife Providing \$200 million for multi-benefit projects

The California Department of Fish and Wildlife is making more than [\\$200 million in funding available](#) for multi-benefit projects that promote ecosystem restoration and protection. The funding will be distributed among projects that enhance salmon resiliency, promote [nature-based solutions](#), or address the effect of climate change. Applications can be submitted using [a new online portal](#).

Water tank program for dry wells

DWR in partnership with CalOES, DGS, and Water Boards has a new tank program for domestic wells that have gone dry. Eligible Applicants Include: public agencies, public utilities, special districts, colleges and universities, mutual water companies, nonprofit organizations, federally recognized tribes and state tribes listed on the NAHC's consultation list. Under the program, 2,500 gallon tanks are pre-purchased by DWR. The program includes funding for the tanks to be delivered to residence and connected to their existing plumbing with a small

January 2023 DWR Updates (from DWR's North Central Region Office)

pump, and for water hauling to fill the tanks to meet basic health and sanitation needs. For more information contact: smallcommunitydrought@water.ca.gov or Alena Misaghi at (559) 230-3309.

DWR Division of Multi-Benefit Initiatives Delta Levees Special Flood Control Projects 2022: **Coming Soon**

The intent of this Project Solicitation Package is to provide funding for public benefit in accordance with Section 12311 of the California Water Code for Multi-Benefit projects in the California Delta and parts of the Suisan Marsh. Projects targeted for this grant are those that promote levee improvement, habitat enhancement, seismic resiliency, and/or export water supply reliability. **Up to \$37 million will be available and the solicitation is expected to open in Spring of 2023.** [More information here.](#)

Cal FIRE Wildfire Prevention Grants

CAL FIRE announces the solicitation of the FY 2022-2023 Wildfire Prevention Grants Program on December 14, 2022. California's 2022-23 budget allocates up to \$120 million to CAL FIRE's Wildfire Prevention Grants Program. Applications need to be submitted no later than March 15, 2023 by 3:00 PM PST. Please see the [Wildfire Prevention Grants Webpage](#) for a complete overview. Sacramento contact: WPgrants@fire.ca.gov.

Upcoming conferences, webinars, new reports and data

California's Water Supply Strategy: Adapting to a Hotter, Drier Future

August 11, 2022 Governor Newsom announced a new strategic document to manage water in the face of a projected 10% reduction in supplies over the next 20 years. The strategy calls for investing in new sources of water supply, accelerating projects and modernizing how the state manages water through new technology to increase water supply and adapt to more extreme weather patterns caused by climate change. The [full strategy document](#) can be found here and a [press release here](#).

[Under this directive DWR is partnering with SWRCB to fast-track efforts to capture flood waters to recharge groundwater basins.](#) The State's efforts reached a milestone January 6 when the State Water Board approved a six-month permit that will enable multiple landowners to divert excess flows from Mariposa creek near the City of Merced to recharge a key groundwater basin. The Merced Project permit, the first approved under a new pilot regulatory assistance program, is expected to pave the way for future projects to allow water from wet-weather storms to be captured and diverted. The permit application authorizes multiple diversions by multiple landowners of up to 10,000 acre-feet of water from the creek during periods of high flows that would otherwise likely flow through the system. Currently there are five applications pending, with two more projected to be approved next week. The remaining three are going through a public noticing process.

[A fact sheet on DWR Regulatory Assistance: Temporary Water Rights for Groundwater Recharge can be found here.](#)

NEW: U.S. Army Corps of Engineers Issues Delta Conveyance Project Draft Environmental Impact Statement for Public Review

The U.S. Army Corps of Engineers (USACE) has issued a Draft Environmental Impact Statement (EIS) for the Delta Conveyance Project for public review. The [document is available here](#) and the USACE Draft EIS public review and **comment period lasts until February 14, 2023**. USACE's Draft EIS assesses the exact same proposed Delta Conveyance Project analyzed in the Department of Water Resources' (DWR) Draft

January 2023 DWR Updates (from DWR's North Central Region Office)

Environmental Impact Report (EIR), available for public review July 27, 2022 - December 16, 2022. USACE's Draft EIS is different from DWR's Draft EIR as follows:

- The Draft EIS complies with the National Environmental Policy Act (NEPA) and the Draft EIR complies with the California Environmental Policy Act (CEQA).
- NEPA is a federal law and USACE is the federal lead agency for preparation of the Draft EIS, while CEQA is a state law and DWR is the state lead agency for preparation of the Draft EIR.

Nothing published in USACE's Draft EIS changes what has been published in DWR's Draft EIR. The Draft EIS is not an update to the Draft EIR. They are stand-alone documents.

FREE Leak Detection for Small Water Systems

Protecting California's water supply is more important than ever as we brace for another year of drought conditions. The California Rural Water Association (CRWA), in partnership with the Department of Water Resources, is offering FREE leak detection surveys for small water systems. **If you are a small (including Tribal) water system with 3,000 connections or less, sign up for a free leak detection survey today! Please contact Luis Carmona at: lcarmona@calruralwater.org or 916-283-8509 x109 to get started.**

Executive Order N-7-22

On March 28, 2022 Governor Newsom signed [Executive Order N-7-22](#), which **included new well permitting requirements (Action 9) as well as CEQA exemptions and permit streamlining for FloodMAR projects (Action 13)**. The materials including a fact sheets, recording and presentation materials from the April 13th and a self-certification form for the CEQA waiver are now posted on DWR's Drought Webpage, under the 'Drought Well Permitting Requirements' and the 'CEQA Suspension on Groundwater Recharge Projects' accordion dropdowns: <https://water.ca.gov/water-basics/drought>.

DWR's Climate Change Program Resources

DWR's Climate change program has lots of initiatives including resources for water managers. Check out their [webpage](#) and [factsheet](#) here.

California's Groundwater Live: Up-to-date data on groundwater conditions, well installations and subsidence

The Department of Water Resources (DWR) released the final [California's Groundwater – Update 2020 \(Bulletin-118\)](#), containing information on the condition of the State's groundwater, DWR has also developed a companion web-based application called [California's Groundwater Live](#) (CalGW Live), leveraging the [California Natural Resources Agency Open Data Platform](#) (Open Data) to improve the access and timeliness of statewide groundwater information. The easy-to-use interface will make many of the data sets used in CalGW Update 2020 available in an interactive map format that will be updated regularly for viewing and downloading. For more information, visit the updated [California's Groundwater website](#) Contact: CalGW@water.ca.gov.

OpenET makes tracking water use data easier with satellite data

A space-based tool is ready to help track water in the western U.S. Using data from satellites, [Open Evapotranspiration](#) (OpenET) gives farmers and other water users information on how much of their water loss ends up as evapotranspiration. The OpenET data are available for 17 western states, including the Colorado River basin area.

SGMA & Drought

Update Your GSA and GSP Manager Point of Contact Information in DWR's SGMA Portal

If your GSA and/or GSP Plan Manager Point of Contact (POC) is not current, or you are not sure, please visit the SGMA Portal to ensure that your contact information is up-to-date. When logged in, the Portal allows edits to be made to previously submitted contact information. If you have SGMA Portal questions, please email them to: GSPSubmittal@water.ca.gov.

January 2023 DWR Updates (from DWR's North Central Region Office)

Groundwater platform announces expanding list of partners

A coalition of organizations and State agencies have announced [expansion in the number of partners](#) in for the [Groundwater Accounting Platform](#). The platform was initially developed in partnership with the Rosedale-Rio Bravo Water District. Now the platform is adding three new pilot project partners from Merced, Santa Cruz, and Yolo counties. Information from the platform is designed to help groundwater agencies with efforts to prevent dry wells and water supply shortages.

Dry Well Susceptibility Map

The DWR, in coordination with the State Water Resources Control Board, has developed an interactive mapping tool, called the Dry Well Susceptibility Tool. This tool identifies areas within groundwater basins that may be prone to water supply shortages in drinking water wells. State and local agencies and well owners can use this tool to anticipate where wells may go dry based on historical conditions to inform drought preparedness decision-making. To use this tool, navigate to [California's Groundwater Live website](#) and click the [Dry Domestic Well Susceptibility tab](#). A fact sheet on this tool, as well as DWR's Dry Well Reporting System, [is available here](#).

Dry Well Reporting Site

There is a website available to [report private wells going dry](#). Information reported to this site is intended to inform state and local agencies on drought impacts on household water supplies. The data reported on this site (excluding personal identifiable information) can be viewed on the [SGMA data viewer](#) or downloaded on the [CNRA Atlas](#). Individuals or local agencies can report water shortages and [a list of resources are included on the webpage](#). The reporting forms are available in both English and Spanish. Local agencies can now sign up to receive notifications of any dry wells reported in their area. To sign up please email sgmps@water.ca.gov.

DWR is developing eight Proposition 68-funded technical projects

These projects include airborne electromagnetic surveys, improving groundwater elevation and quality monitoring networks, Statewide land use data collection, improved subsidence monitoring network, installing and maintaining stream gauges, maintaining and enhancing statewide well completion reports, managing and reporting sustainable groundwater information, and enhancing and maintaining DWR's modeling tools. Fact sheets on each project can be viewed under the "Prop 68" tab [here](#).

- [AEM webpage](#) contains information on the how the process works, safety, schedule, data submission by GSAs, TAC, pilot study data and more. Public webinar was held **June 8th 12:00 – 1:00**, a [recording can be viewed here](#) and [handouts can be downloaded here](#). Draft Airborne Electromagnetic (AEM) resistivity **data for the entire Central Valley have been published** on the [California Natural Resources Agency Open Data Portal](#). The dataset can also be viewed online on the [AEM Data Viewer](#). DWR's AEM surveys will continue this Spring. Visit the AEM Survey Schedule webpage for more information on the tentative data publication dates.
- [2019 Statewide Crop Mapping data](#) was released in July of 2022 and includes multi-cropping information. The 2019 dataset includes agricultural land use and urban boundaries for all 58 counties in California.
- **InSAR subsidence data is now available through October 1 of 2022** and can now be viewed on the [SGMA data viewer](#). The updated GIS services and data reports are also available [online](#). Future data will be released on a quarterly basis.

Facilitation Support Services (FSS): [Funding still available](#)

- GSA's developing GSPs are eligible to receive funding for identification and engagement of interested parties, meeting facilitation, interest-based negotiation/consensus building, and public outreach facilitation
- More information [can be found here](#). Written translation services available in 8 languages for outreach materials (5,000 word maximum).

Agenda Item #12

Cosumnes Groundwater Authority Board of Directors Meeting

Agenda Date: January 23rd, 2023

Agenda Item #: 12

Agenda Item Subject: Upcoming Agenda Items

To: CGA Board of Directors

From: CGA Staff

Directors may identify items for future agendas. Current upcoming topics CGA Staff anticipate needing Board attention include:

- Review Draft Water Year 2022 Annual Report
- Review Draft CGA Funding Study
- CGA Member Contribution/Financing Agreement

Agenda Item #13

Cosumnes Groundwater Authority Board of Directors Meeting

Agenda Date: January 23rd, 2023

Agenda Item #: 13

Agenda Item Subject: Director/Member GSA Comments

To: CGA Board of Directors

From: CGA Staff

Directors are encouraged to share relevant updates from their GSA and other work they may be engaged with. Topics of interest may include:

- Project development and implementation updates.
- Compliance with Executive Order N-7-22 Well Permitting Requirements (permits received, approved, etc.).
- Outreach activities performed by individual GSAs.
